

## **Carla Collicelli, ASviS**

- **SDGs and disability, focus on the Italian situation**

The speech will dwell on the SDGs, with a focus on those that are related to health and the social dimension. It shall be taken into account the work carried out by ASviS from 2016 onwards to monitor the Italian situation and to express recommendations and policy guidance on the different areas affected by the sustainable development challenge. The contents of ASviS annual reports related to health and disability issues will be shown and discussed.
